

Jesuit Philelectic Society Safety Contract
STUDENTS: Please read, sign, and return.

As a member of the Jesuit High School Philelectic Society, you will be exposed to a working theatrical environment and there are certain dangers that are inherent to that environment. The theater becomes a “lab” in which you will learn proper use of tools and equipment used for scenic painting, set construction, creation of properties and costumes, and set up of lighting and sound equipment. The activities can be fun as well as informative and educational. To promote safety and to reduce the chance of accidents, rules are outlined below for students who work on in the Jesuit Auditorium.
